ACCEPTABLE VIOLATION CODE TABLE

General Notes

- The MVD Acceptable Violation Code Table (AVCT) only contains violations that are **reportable** to the Arizona Department of Transportation, Motor Vehicle Division. It is **not a comprehensive list** of all citable violations in the Arizona Revised Statutes under Titles 4, 13 and 28.
- Each violation has a general brief description of the offense as determined by MVD.
- The column **NRVC/ACD Code** is used to determine if the violation is Nonresident Violator Compact (NRVC) reportable.

A “Y” in the column indicates that the violation may be reported to MVD when the person fails to comply. Those courts that report manually on the Terms of Citation–Nonresident Violator Compact, form # 46-0509 must include the ACD code on the form. The ACD code is located to the right of the Y in the column.

The ACD code is from the American Association of Motor Vehicle Administrators (AAMVA) Code Directory. These codes are used to define the type of offense by all states.

- **Offense** column indicates whether the violation is considered by MVD to be C (Criminal), V (Civil) or B (Both).
- **Points** column indicates the amount of points assessed on the person’s driving record. These points are used to determine Traffic Survival School assignments or possible suspensions.
- **Only** violations under **Title 28** are reportable for failure to appear using disposition codes 56, 57 or 58 (ARS 28-3308). Disposition codes 56, 57 or 58 cannot be used with violations from Title 4, 8 or 13.

Section 4

REPORTING CIVIL AND CRIMINAL TRAFFIC VIOLATIONS

Reporting Traffic Violations

The following is given to provide guidelines for courts to report to the Motor Vehicle Division civil and criminal traffic convictions, appeals, dismissals, set-asides and failures to appear or pay.

Authority:

- **ARS 28-1441**

Mandates that all records regarding the disposition of cases in which a person is charged with a violation of sections ARS 28-1381, 28-1382, or 28-1383 must be maintained by the court and made accessible to the general public.

- **ARS 28-1559**

Mandates that every court forward to MVD convictions of judgments against a person for violations of any law regulating the operation of a motor vehicle, other than regulations governing standing or parking.

Mandates that the court forward the abstract of conviction to MVD **within 10 days** after the conviction, judgment or forfeiture of bail or deposit.

Mandates that the court forward to MVD an abstract of conviction, judgment or forfeiture of bail or deposit of a person upon a charge of violating any provision of chapters 3 or 4 **or** any other law regulating the operation of vehicles except illegal standing or parking.

- **ARS 28-3303**

Authorizes MVD to accept convictions that are reported by a court of the U.S. government or a tribal court.

**** ALERT ****

Same Complaint Numbers and Counts

What counts to use?

When sending any manual citation or abstract, the complaint number and the count must be the same as what you enter on your case management system.

Example: If law enforcement provides a Traffic Ticket Complaint (complaint # 180835) that has numeric counts of 1, 2, 3, 4 and 5, and you enter the complaint numbers as 180835A, 180835B, 180835C, etc., any future reference to those complaint numbers as reported to MVD **must** have the counts of A, B, C, D or E and **not** 1, 2, 3, 4 or 5.

Note: Whatever MVD receives/enters on our database must be referenced for any future changes. If you are not sure what complaint number and count is on our system, call Technical Support.

Amending charges manually or electronically

If you have initially reported a charge to MVD with a specific violation code and circumstances arise where the violation code needs to be changed for that charge, you need to follow these steps to amend the original charge.

First, you would report a disposition code 67 for the original charge to MVD **using the same complaint number and count** as when the original charge was first reported. Second, you would report to US the new violation code with a sequence number 2 (place a 2 in the Seq field). This allows our system to recognize that this is a new violation code for the same complaint number and count. Also, if the update to the original charge rejects as an error, the new violation code with sequence number 2 will also reject as an error.

It is very important that the **same complaint number and count** are used when amending a charge

Problems when the same complaint number and count are not used:

- An additional violation is created that will not have the same disposition codes associated with it as was initially intended by the court.
- Disposition updates will not be applied to the correct violation.
- Unintended suspensions and other penalties are likely to generate due to two separate violations and two separate dispositions created when the same complaint numbers and counts are not used.

General Reporting Requirements

METHODS OF REPORTING

Certified copies:

- MVD Court Abstract, form # 26-0117 (include all required info listed below)
- MVD copy of multiple charge citation
- Certified Judgment or certified letter from court (include all required information listed below.)

Electronic Transmission (AZTEC)

INFORMATION REQUIRED FOR REPORTING

- Person's name
- Person's date of birth
- Person's driver license or identification license number
- SSN, if available
- Traffic Complaint information:
 - Complaint number (include alpha or numeric character in the complaint number from the multiple charge citation)
 - Violation date
 - Violation code (include the appropriate subsections; see Acceptable Violation Code Table)
 - Disposition code
 - Disposition date (every disposition reported must have an accompanying disposition date)
 - Court name and/or court identification number

REPORTING DISPOSITIONS

Convictions, First-time dismissals and Judgments of Not Guilty, Failure to Appear/Pay, Court Set-Aside, Amending Violation Codes and Appeal of Convictions.)

Reportable Violations

- All violations/actions listed on the Acceptable Violation Code Table (AVCT) are to be reported/transmitted to MVD.
- Final judgment/conviction from which a defendant has exhausted the right to appeal must be reported to US as a disposition code 10 through 22, **ten days from date of final disposition.**

First-time Dismissals and Judgments of Not Guilty

The court must report all dismissals and judgments of not guilty for violations of ARS 28-1381, 28-1382, 28-1383 and all subsections.

Do not report for example:

- Dismissals due to a diversion program, such as driving school.
- Parking violations (by statute or local ordinance)

Failure to Pay Civil Sanction/Disposition Code 55 (Does not apply to NRVC violations. See NRVC procedures)

- Failure to pay civil sanction: 30 days have elapsed from the final disposition date, entire sanction declared due, suspension of driving privileges ordered. Report failure to pay civil sanction as a disposition code 55.
- Defendant subsequently satisfies judgment/sanction: Report as a final disposition code 10 through 22

There is no statutory authority for us to suspend a driver for nonpayment of a criminal sanction.

Failure to Appear /Criminal Traffic Violation/Disposition Code 56 (This code only applies to Title 28 violations. Disposition Code 56 cannot be used with Title 4, 5 or 8 violations.)

- Failure to appear; warrant issued: Failure to appear should be reported as a disposition code 56. MVD does not store warrant information anymore.
- Defendant subsequently appears: Report Disposition Code 60 (Criminal Failure to appear satisfied), plus final disposition code, if available.

Example:	Violation	Dispo.	Dispo. Date
	28-3473A	60/11	2-3-01/3-1-01

Failure to Appear/Criminal Traffic Violation/Disposition Code 57 (This code only applies to Title 28 violations. Disposition Code 57 cannot be used with Title 4, 5 or 8 violations.)

- Defendant failed to appear in court, no warrant of arrest issued: Report as disposition code 57.
- Defendant subsequently appears: Report as final disposition code 10 through 45.

Failure to Appear/Civil Traffic Violation/Disposition Code 58 (This code only applies to Title 28 violations. Disposition Code 58 cannot be used with Title 4, 5 or 8 violations.)

- Defendant failed to appear, default judgment entered and suspension of operating privileges ordered: Report judgment to MVD within ten days from date of disposition code 58.
- Defendant subsequently appears: Report to MVD as a final disposition code 10 through 22.

Beginning January 1, 2009, a disposition sequence of 58/11/55 can be used. There was no longer a need to use either 59 or 00 disposition codes to go from a disposition code of 58 to an 11 to a 55.

Court ordered Set-Aside/Disposition Code 59 and 76

- Disposition Code 59 is not to be used to force disposition overlays or to satisfy a civil failure to pay or failure to appear suspension. It is only to be used to report a judicial decision to set-aside a conviction of a traffic complaint. The Disposition Code 59 is also not a final code; further judicial action that finalizes the case should be reported to MVD.

Disposition code 59 voids any withdrawal action entered as a result of the citation/conviction; any points assessed are also removed.

- Court ordered set-aside pursuant to ARS 13-907 is used to set-aside the judgment of guilt not the conviction. Report set-aside judgment pursuant to ARS 13-907 by using disposition code 76 sent to MVD either manually or electronically.

Disposition code 76 will show the conviction on public records with a notation of "Set-aside per 13-907". The violation can still be used for any future litigation unlike a disposition code 59. Once the 76 is on record, any other disposition overlay results in error message. The **76 freezes the conviction**.

Amending Violation Codes/Disposition Code 67

- When the court has amended the original violation code: Report original charge with disposition code 67. On the same abstract, notate the new charge with final disposition code 10 through 22. Code 67 will display on MVD's database without the corresponding complaint number

Example:	Violation	Dispo	Dispo Date
	28-1381A1/28-693A	67/11	02-03-01/02-03-01

- The use of disposition code 67 is **not** necessary when the court or law enforcement corrects a violation code originally reported in error. (i.e., violation originally reported as 28-645A when it should have been 28-645A1)

Appeal of Conviction/Disposition Code 70

- A notice of appeal reported as a disposition code 70 is to be sent from the originating court of conviction prior to transferring the case to the court hearing the appeal.
- The disposition code 70 stays the conviction action until the outcome of the appeals decision.

Purge Record/Disposition Code 71

Notice or call from the court that a court conviction has been purged, court can mail a letter or call Technical Support to report that the violation has been purged with a disposition code 71.

Defendant is subsequently heard on the Appeal

- If the case is finalized at the first appeal level, the court in which the appeal was heard reports the disposition within ten days from the final outcome of the case.
- If the appeal is remanded, the lower court reports the disposition within ten days from the final outcome of the case.
- The court should not send in a final disposition for a case on appeal until the appeals process is exhausted or the case is finalized.

FEDERAL CONVICTIONS – GENERAL REPORTING REQUIREMENTS

Court actions listed on Acceptable Violation Code table are reported to MVD

All final judgments/convictions from which a defendant has exhausted the right to appeal must be reported to us.

First-time Dismissals and Judgments of Not Guilty

The court must report all dismissals and judgments of not guilty for violations of U.S. Code of Regulation 4.23 only.

The defendant has appealed the conviction

A notice of appeal is sent in from the originating court of conviction prior to transferring the case to the court hearing the appeal.

Defendant is subsequently heard on the Appeal

- If the case is finalized at the first appeals level, the court in which the appeal was heard reports the disposition within ten days from the final outcome of the case.
- The court should not send in a final disposition for a case on appeal until the appeals process is exhausted or the case is finalized.

Amending Violation Codes/Types: (court amended the original violation code)

On a copy of the conviction notice, notate the amended charge with the final disposition code and send to MVD.

- May suspend driving privileges for 30 days
- Second offense within 24 months – one year revocation
- Traffic Survival School assignment

28-708A – Racing on Highways

- May suspend driving privileges for not more than 90 days
- Second offense within 24 months – one year revocation

The information below references legislative changes affecting the reporting procedures for convictions of ARS:

- 28-661A1 or A2 (Accidents involving death or personal injuries; failure to stop)
- 28-662A1, A2 or A3 (Accidents involving damage to vehicle; failure to stop)
- 28-708A (Racing on highways)

ARS 28-662

- The court may order the MVD to suspend a person's driving privileges for one year for convictions of 28-662A1, A2, or A3.
- Report as sentencing authority 28-662C, if court ordered suspension. (See Example 1)

ARS 28-661

- MVD is required to revoke a person's driving privileges for three or five years for convictions of 28-661A1 or A2. Courts **must** now supply the appropriate sentencing authority on an MVD court abstract, to avoid reject errors or returned documents.
- For violations of 28-661A1 or A2, **involving serious physical injury**, report sentencing authority 28-661B. The driving privileges will be revoked for five years. (See Example 2)
- For violations of 28-661A1 or A2, involving **physical injury other than death or serious physical injury**, report sentencing authority 28-661C. The driving privileges will be revoked for three years. (See Example 2)
- For violations of 28-661A1 or A2, **involving death**, report sentencing authority 28-661B. The driving privileges revoked for 10 years.

ARS 28-708

- A second or subsequent conviction of 28-708A, within 24 months of a first conviction, is a class 6 felony. A felony violation will use the sentencing authority of 28-708D and will revoke the driving privilege for one year. (See Example 3)
- For a conviction of 28-708A that is a misdemeanor, the court may order a suspension for not more than 90 days. Note: A second violation of 28-708A, that is more than 24 months of the first conviction should be considered a misdemeanor. (See Example 4).

Sentencing Authority

Violation Code	Sentencing Authority To Be Reported	Suspension/Revocation Period
28-661A1 or A2 (involving serious physical injury)	28-661B required	Five year revocation
28-661 (involving death)	28-661B required	10 year revocation
28-661A1 or A2 (involving physical injury other than death or serious physical injury)	28-661C required	Three year revocation
28-662 A1, A2 or A3	28-662C provide if court ordered suspension	One year suspension
28-708A Misdemeanor	28-708C (Use only if the court orders a suspension)	May suspend up to 90 days first offense
28-672A Misdemeanor	First offense – 28-672C1 provide if court ordered suspension	May suspend up to 90 days for serious physical injury or 180 days for fatality *
	2nd or subsequent offense in 36 months – 28-672C2	Must suspend for 90 days for serious physical injury or 180 days for fatality
28-708A Felony	28-708D	One year revocation

Note: Report sentencing authority in the Other Actions portion of the Court Abstract.

* Must ensure that either the Serious Physical Injury or Fatality box on Court Abstract is checked Yes, or when electronically reporting, enter S or F in the accident field.

NONRESIDENT VIOLATOR COMPACT

Nonresident Violator Compact

(NRVC)

- Arizona Revised Statutes, Title 28, Chapter 6, Article 4
- The purpose for the NRVC is to insure that nonresidents and residents comply with the terms of the citations when cited in any member state.
- Violations Accepted: Standard Moving Violations that **do not** carry Mandatory Court Appearance.
Note: the MVD Acceptable Violation Code Table indicates which violations are NRVC reportable.
- NRVC violations can only be reported within the first six months of the violation date. This does not apply to CDL drivers.
- **For CDL drivers only** – Beginning September 23, 2007, there is no time limit from the date of the violation.
- Use disposition code 54 for failure to comply.
- States **not** a part of NRVC:
 - Alaska
 - California
 - Michigan
 - Montana
 - Oregon
 - Wisconsin

Note: NRVC forms (# 46-0509) can be ordered from the MVD Distribution Center 602-712-7306.

Processing NRVC Violations

For Manual Reporting Courts

If defendant fails to comply with the terms of citation and the state in which they are licensed is an NRVC state then:

Mail the Defendant Notice (copy 1) to defendant.

If defendant responds with payment within 14 days:

- Discard the Home Jurisdiction copies (2 and 4)
- Complete receipt portion of the Defendant Receipt (copy 3) and mail to defendant.

If defendant fails to respond and no payment received within 14 days:

The court has 10 days to mail Home Jurisdiction Notice (copy 2) to the MVD which will forward the Notice to the home state motor vehicle agency.

When defendant subsequently satisfies violation after suspension:

- Mail the Defendant Receipt (copy 3) to defendant
- Mail the Home Jurisdiction Receipt (copy 4) to the home state home state motor vehicle agency

For Electronic Reporting Courts

If defendant fails to comply with the terms of citation and the state in which they are licensed is an NRVC state then:

Mail the Defendant Notice (copy 1) to defendant.

If defendant responds with payment within 14 days:

- Discard the Home Jurisdiction copies (2 and 4)
- Complete the Defendant Receipt (copy 3) and mail to defendant
- Electronically send final disposition *

If defendant fails to respond:

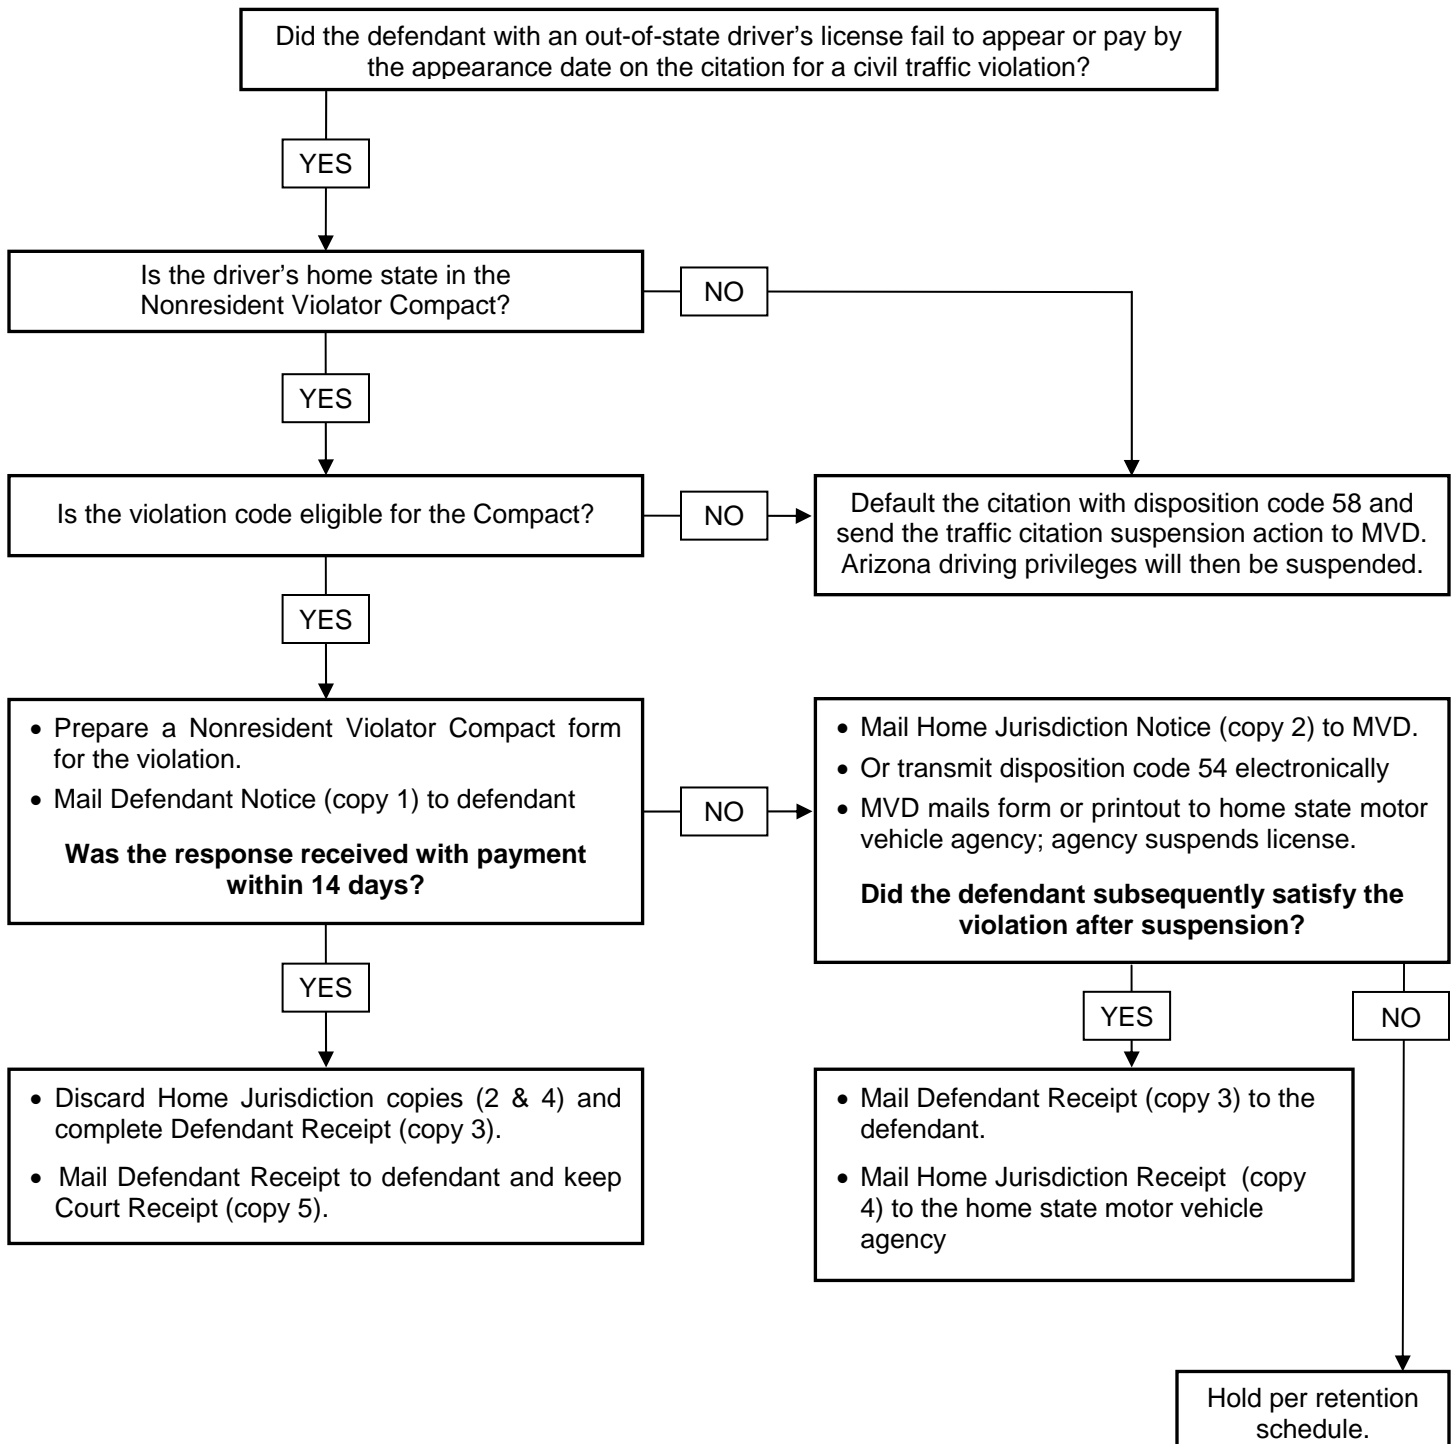

Transmit suspension electronically using disposition 54. This replaces the use of Home Jurisdiction Notice (copy 2). MVD will create and mail a NRVC notice to the home state, but a record is not created on our system for this out-of-state individual and disposition.

When defendant subsequently satisfies violation after suspension:

- Mail the Defendant Receipt (copy 3) to defendant
- Mail the Home Jurisdiction Receipt (copy 4) to the home state motor vehicle agency.
- Electronically send final disposition.*

* When the electronic final disposition is sent, we will send a notice of out-of-state conviction to the home state. This notice of out-of-state conviction is not an NRVC form and may not be used by the home state to clear the NRVC violation. Therefore, it is important that the court send receipts for compliance (copies 3 and/or 4) when applicable.

ARS 28-3321

A person convicted of a moving traffic violation of Arizona Revised Statutes, Title 28, **excluding** violations of ARS 28-693 (reckless driving), 28-695 (aggressive driving), 28-708 (racing on highways), 28-1381 (DUI), 28-1382 (extreme DUI), and 28-1383 (aggravated DUI), is subject to the following, if the person was under 18 years of age at the time of violation and the violation occurred on or after January 1, 2000.

- Upon **first** receipt of conviction, MVD will order the person to complete traffic survival school.
- Upon **second** receipt of conviction, MVD will suspend the person's driving privilege for three months.
- Upon **third or subsequent** receipt of conviction, MVD will suspend the person's driving privilege for six months.

Reporting Juvenile Offenses

- Fail to appear (FTA), or Fail to Comply (FTC) for juvenile matters should be reported via an MVD court abstract citing the ARS 8-323 authority box (Example 1). This will cause a license suspension until the juvenile's 18th birthday, unless complied with sooner (Example 2).
- A disposition code 57 suspension does not expire on MVD's system. The suspension will only be lifted when notification of a final disposition or satisfaction is received from the court. This is used on felony violations (Example 3).
- An MVD court abstract should be used when a juvenile is in compliance to end the suspension. To do this write Compliance in the disposition code box, and supply a disposition date for the compliance.
- When correcting an error for a previously reported suspension, write VOID in the disposition code box of the MVD court abstract, along with the disposition code date.

- **Each** conviction for 28-645(A)(3)(a) or 28-647.1 reported to the MVD will result in an automatic traffic survival school assignment.
- Failure to complete the TSS assignment will result in an indefinite suspension of the driving privileges **until** the person attends and successfully completes TSS.
- Defendants who opt to pay their citation by mail for these violations are also subject to the TSS requirement and subsequent suspension for failing to successfully complete the assignment.

Section 12

AZ SUPREME COURT — MVD BATCHCON REPORT VIEWER & ERROR CODES

Summary

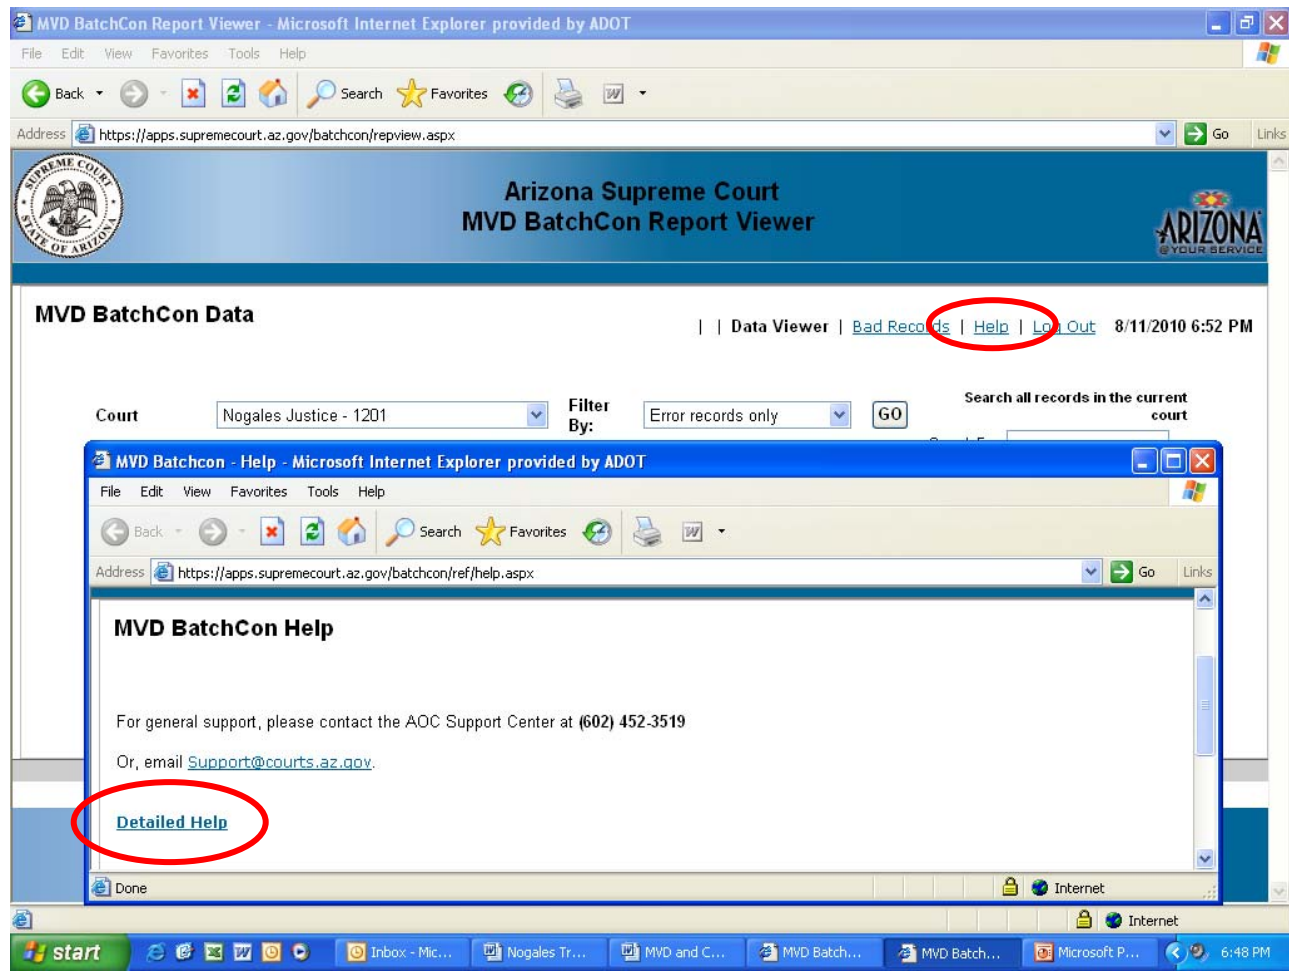

When conviction information is entered on a person's record either through electronic reporting or a manual data entry, a report is generated and is referred to as a return report. These return reports are separated into several different types with different Report IDs (See the Return Report Table). Generally, there are successfully attached reports, error reports, and MVD worked reports.

These return reports are generated every evening after the MVD system processes the Batch Conviction information that was received from the AOC servers. The return reports are then sent to AOC to be viewed by the courts on the Arizona Supreme Court—MVD BatchCon Report Viewer (Viewer). AOC also sends an email notification to each court for every batch of return reports generated by MVD.

The web link to the Viewer is <https://apps.supremecourt.az.gov/batchcon/>.

Courts gain access to the Viewer by contacting the AOC Customer Service Center at 602-452-3900 or 855-229-3900.

Click on these links to access a PowerPoint presentation about the Arizona Supreme Court/ MVD BatchCon Report Viewer.

What Do I Do With Errors?

Once you've located the error there are several options available for reporting the corrected information to MVD. Determine which options are best for your court.

Electronic Reporting Courts:

- Make corrections on your (the courts) computer files and re-transmit conviction information to MVD electronically.
-or-
- Complete an MVD Court Abstract making sure to supply all the required data including the corrections. Mail the abstract to the MVD Records Unit.
Note: Judge or Court clerk signature and date required.
-or-
- Make a copy of the traffic complaint form and mail it to the MVD Records Unit. Ensure that all the required information is supplied including corrections.

For questions or assistance with working the reject report **only** you can call the Records Unit at 602-712-7926. Any other questions should be referred to Technical Support at 602-712-4900.

Amending Charges Manually or Electronically

If you have initially reported a charge to MVD with a specific violation code and circumstances arise where the violation code needs to be changed for that charge, you need to go through the following steps to amend the original charge.

First, you would report a disposition code 67 for the original charge to MVD **using the same complaint number and count** as when the original charge was first reported. Second, you would report to MVD the new violation code with a sequence number 2. This allows the MVD system to recognize that this is a new violation code for the same complaint number and count. Also, if the update to the original charge rejects as an error, the new violation code with sequence number 2 will also reject as an error.

It is very important that the same complaint number and count are used when amending a charge.

Example: Errors—30-Disposition Cannot Overlay Itself

Complaint #	SEQ	VIO	VIOL.DTE	ACC	CIT	APX	LAW	PLATE	MAKE	RGST	AC	COURT	DISP	CD/DATE	FINE	SENT

Errors																
Disposition Code: 030 - DISPOSITION CANNOT OVERLAY ITSELF																

Generally--This error is created because MVD already has the information that is being sent in. MVD could have the same information for several reasons. The disposition information could have been updated when the court called MVD Tech Support unit, the defendant could have brought their court abstract into an MVD office right after leaving the court and the customer service representative entered the information at that time, or the same MVD file could have been sent twice to MVD.

The important thing to do is to review the information that MVD reports is existing on its records. If this matches up with how the court wants the record to look, then ignore the error. If the information does not match how the court wants the record to look, then it would need to be corrected.

Anytime first violation code rejects because not on AVCT – need new violation code electronically as sequence 1 or if can't then manual with sequence 1. MVD enters what is on an abstract.

This is where the Acceptable Violation Code Table (AVCT) comes in. It can be found in the MVD and Courts Manual. The AVCT is updated each year with new legislative changes. Violation codes are either created or expired and are assigned respective dates according to legislative changes. If the violation code was expired or did not exist on the violation date reported, the MVD system will create this error and not update the record with the violation information. If the court uses AZTEC, the court tables in the case management system most likely need to be updated---contact AOC for help.

FIELD FORMAT	Alpha, Numeric, Hyphen or Space
EXAMPLES	AJ2938-R, AJ 329, 74450A
REQUIRED FIELD	Conditional – See Field Restrictions below.
DEFINITION	Indicates the license plate number according to court records
VALID CODES	N/A
FIELD RESTRICTIONS	1. Required for registration violations 28-2153*, 28-302*, 28-2532A* or 28-326C* 2. Must be left justified and blank filled on the right

Data Element 21	Vehicle Make
FIELD LENGTH	5
BATCHCON POSITION (S)	219-223
FIELD FORMAT	Alpha, Numeric
EXAMPLES	Dodge, Chevy
REQUIRED FIELD	No
DEFINITION	Indicates make of vehicle used when the citation was issued
VALID CODES	N/A
FIELD RESTRICTIONS	None

Data Element 22	Registration State
FIELD LENGTH	2
BATCHCON POSITION (S)	224-225
FIELD FORMAT	Alpha
EXAMPLES	CA, NJ, NM, OH
REQUIRED FIELD	No
DEFINITION	Indicates the state of registration for the vehicle used when the citation was issued
VALID CODES	Any valid 2 character code for the 50 United States and DC for District of Columbia
FIELD RESTRICTIONS	None

Data Element 23	Court Identification Number
FIELD LENGTH	4
BATCHCON POSITION (S)	226-229
FIELD FORMAT	Numeric
EXAMPLES	0700, 0800, 0741, 0901
REQUIRED FIELD	Yes
DEFINITION	Indicates the court of records
VALID CODES	Must be on IMS Court Table
FIELD RESTRICTIONS	Must be valid, tested, and approved court for electronic transmission. (Any courts that do not meet this criteria fall to the test system)

Data Element 24	Disposition Code
FIELD LENGTH	3
BATCHCON POSITION (S)	230-232
FIELD FORMAT	Numeric
EXAMPLES	12, 59, 43, 55
REQUIRED FIELD	Yes
DEFINITION	Status of the violation
VALID CODES	10, 11, 12, 20, 21, 22, 30, 43, 44, 45, 54, 55, 56, 57, 58, 59, 60, 67, 70 or 71
FIELD RESTRICTIONS	1. Must be left justified and blank filled on the right 2. See additional disposition code edits attached.

Data Element 25	Disposition Date
FIELD LENGTH	8
BATCHCON POSITION (S)	233-240
FIELD FORMAT	Numeric (MMDDCCYY)
EXAMPLES	04231999, 08122002, 01052003
REQUIRED FIELD	Yes
DEFINITION	Date the violation's disposition (status) was decided

Conviction Process and BatchCon Match Point System

A customer match is determined when 20 points occur, otherwise:

The no match rejects will generate when:

- A no match will occur when multiply records are found on the system (same name and DOB)
- A no match will occur when the point value reached is less than 20 pts.

•

Point system accumulates as follows:

- Last name match = 6 pts
- Last name field = When two names are transmitted with a hyphen in between the two names, the system will first look for a name match with the hyphen.
- If there is a no match for the last name with the hyphen, the system will then look for a last name match without the hyphen.
- First name match = 4 pts (only applies if last name matches)
- Date of Birth match = 10 pts (only applies if DOB is found on the DM0-base segment)
- Driver License/Customer Number match = 10 pts
- Address field first 7 numbers = 4 pts
- SSN with status code match = 15 pts (SSN has been verified by the Social Security Administration)
- SSN match, SSN is not verified = 6 pts (base record does not display status code – SSN has not been verified by the Social Security Administration)
- SSN displays in the SSN field and status code does not display on the base segment. Driver License number transmitted by the court is a match with the SSN that's in the SSN field = 10 pts (SSN verified by the Social Security Administration)
- SSN displays in the SSN field and status code does not display = 6 pts (SSN is not verified by the Social Security Administration)
- No SSN on base record (DM0) and SSN on AKA segment that matches the input = 6 pts (AKA's found in the DM13 AKA segment , the DM13 displays on the base segment)
- SSN or DLN in the DM13 AKA segment match's incoming batchcon SSN or DLN submitted = 6 pts
- If complete DOB fails (DOB found on the DM0 segment only) This only applies if field is not a complete match field)
- Month and year = 6 pts
- Date and year = 6 pts

READING MVRs ISSUED TO THE COURT

Motor Vehicle Record General Information

An Motor Vehicle Record (MVR) is a record of information issued by the Motor Vehicle Division pertaining to the driving/vehicle status or history of:

- Driver license
- Commercial Driver License
- Instruction Permit
- Identification Card
- Vehicle Title
- Permit
- Lienholder

Courts Requesting an MVR:

It is the responsibility of the Court and any authorized user acting on their behalf, to gain knowledge of all laws and applicable MVD policies and procedures which govern access to and use of MVD records

A non-restricted ten year driver license MVR appears on the next two pages.

The MVR will be broken down into six sections and discussed in detail. On the following two pages is a sample of a two page MVR. The page following the sample, we will begin the breakdown of a 10-Year MVR.

Section 3:

If there are no AKA's (also known as) on the record the **OTHER NAMES** field will not appear.

The address history section will also display any current mailing address and any mailing address history.

The **SOURCE DOC** (source document) field will display the medium used to change the address:

- Change of Address Notice/Letter
- Service Arizona Transaction
- Application
- Telephone

Section 5:

Status Codes should also be reviewed to determine if the driver license is suspended or revoked. Restrictions and Endorsements are clearly displayed.

Previous Licenses are listed by class and state of issue. The issue date and expiration date of the credential are noted along with the license number.

Driver License Status Code Definitions:

- The actual status code number does not appear
- Most prohibitive status codes generate an entry on the MVR and clearly indicate whether the customer is **Suspended or Revoked** and if **Reinstatement Fees** are due
- **Not all status code definitions** attached to the base record **appear** on the MVR such as “Ignition Interlock Device Required” and “TTEAP – Prohibit Vehicle Registration Renewal”

Some common groupings of status code definitions found on MVR's:

- -----> STAT CODE IMPLIED CONSENT SUSPENSION
-----> STAT CODE REINSTATEMENT FEE DUE
-----> STAT CODE SR22 REQUIRED BECAUSE OF DI ACTION
- -----> STAT CODE SUSPENSION – MVD ACTION REQUIRED
-----> STAT CODE SUSPENSION – COURT ACTION REQUIRED
-----> STAT CODE REINSTATEMENT FEE DUE
- -----> STAT CODE MANDATORY INSURANCE SUSPENSION
-----> STAT CODE REINSTATEMENT FEE DUE – FR/MI ACTION
-----> STAT CODE SR22 REQUIRED BECAUSE OF FR ACTION

Previous License Information is listed for the past ten years. The class of the credential and state of issue are indicated.

A ten year non-restricted MVR will display all prior license numbers including a social security number used as the driver license number.

Below is a chart showing action violation codes along with the type of actions.

Violation Code	Action Type
FR Action	Financial Responsibility Action
CS Action	Civil Sanction Action
DI Action	Driver Improvement Action
TSS Action	Traffic Survival School Action
NRVC Action	Non Resident Violator Compact Action
SR22	Proof of Future Financial Responsibility

Violation Codes fall into four different categories:

1. Actions
2. Arizona Revised Statute
3. Arizona Rule
4. ACD Codes

1. Actions: An Action may be MVD or Court directed.

Actions are the result of the steps taken by MVD or the Court in response to a specific violation (i.e. ARS 28-1382A - Extreme DUI may result in a DI ACTION, Suspension or Revocation)

It is the Action that Suspends, Revokes, Cancels or disqualifies an individual's driving privilege.

2. Arizona Revised Statute (ARS)

- In this section is where the actual Statute the person was convicted of will show

Find ARS at: www.azleg.gov/arizonarevisedstatutes.asp or

Violation Code	Citation Type
28 - #####	Transportation citations
4 - #####	Alcoholic Beverages citations
13 - #####	Criminal Code citations

3. Arizona Rule

- Official Rules of the State of Arizona are published in the Arizona Administrative Code (AAC). There are numerous rules, too many to list, please see the links below for Arizona Rules.

Find Arizona Rule at: www.azsos.gov/public_services/Table_of_Contents.htm or [POLARIS/Administrative Rules](#)

Violation Code	Citation Type
R17 - #####	Arizona Rule (CDL) citations

4. ACD Code

An ACD Code is used to record an out of state citation received by an Arizona resident. Universal ACD codes are used nationwide to identify either the type of conviction or the reason for a withdrawal. Find a copy of the latest ACD Manual and codes at: <http://www.aamva.org/ACD/>

Description Field

This field displays the definition of the violation and other pertinent information. Now that we have acknowledged the fields, let's look at this MVR and figure out each of the fields. Each of the tables following the screen below will give a line by line detail of the specific information found in each of the violation categories.

Let's take a look at the violations in this MVR:

Section 15

MANDATORY INSURANCE

MANDATORY VEHICLE INSURANCE FINANCIAL RESPONSIBILITY

(LAWS 2009, CHAPTER 165)

- This bill transfers the responsibility for suspending the driver license for a violation of ARS 28-4135(A), (B), (C) from the court to the Motor Vehicle Division (MVD).
- MVD will suspend administratively when receiving notice of the conviction, unless the court waives the suspension.
- Statute allows court to:
 - Waive the monetary penalty
 - Waive only the driver license suspension
 - Waive only the registration suspension
 - Waive both drivers license and registration suspension
 - Impose a lower monetary penalty
 - Any combination of the above
- Changes to language 28-4137, The court may reduce or waive the penalty imposed for a violation of 28-4135 if person subject to the penalty presents to the court proof of both the following:
 - Not found responsible for violation within past 24 months or more than one violation within 36 months
 - Has purchased 6 month policy of insurance
- If the judicial officer intends to waive the entire MVD suspension (DL and Registration)
- Changes in the MVD reporting script will transmit a **W** – Waive driver license and vehicle registration suspension for violations of 28-4135
- The flag will only transmit in the files to MVD if the court staff enters docket event codes 5463, on the same day the case is dispositioned with one of these conviction codes 10, 11, 12, 20, 21, 22 and GG.

MI Suspension

ARS 28-4135

AZTEC requirements for electronic transmission of W flag.

Complete the following steps **only** if it is the judicial officer's intention to waive the entire MVD suspension (DL and registration) action.

1. Upon a finding or pleading of responsible, enter appropriate disposition code in the Charge/Disposition screen (10, 11, 12, 20, 21, or 22)
2. Enter disposition date based on adjudication date
3. CNTL – T to save Charge/Disposition screen
4. Go directly to case docket (**on the same day disposition was entered**) and enter event code 5463 – M/I Suspension Waived
5. Tab or enter through fields on Case Docket Screen. You may wish to add descriptive text indicating judicial order to waive the suspension

If an electronic court wishes to only suspend on one or the other (DL or registration), complete the above steps in conjunction with a manual court abstract. See sample abstracts on the following pages.

Important Note

AZTEC records the dates and times the disposition code and event docket code are **physically typed in** and uses that information to create the MI suspension waiver.

Backdating the event code or disposition code will not waive the MI suspension, and the MI suspension will be added to the defendant's record.

This can create problems for the defendant because of ARS 28-3511 which allows an officer to impound a vehicle for any suspension or revocation.

It is imperative that court staff enter the event code on the **same day** the case was dispositioned.

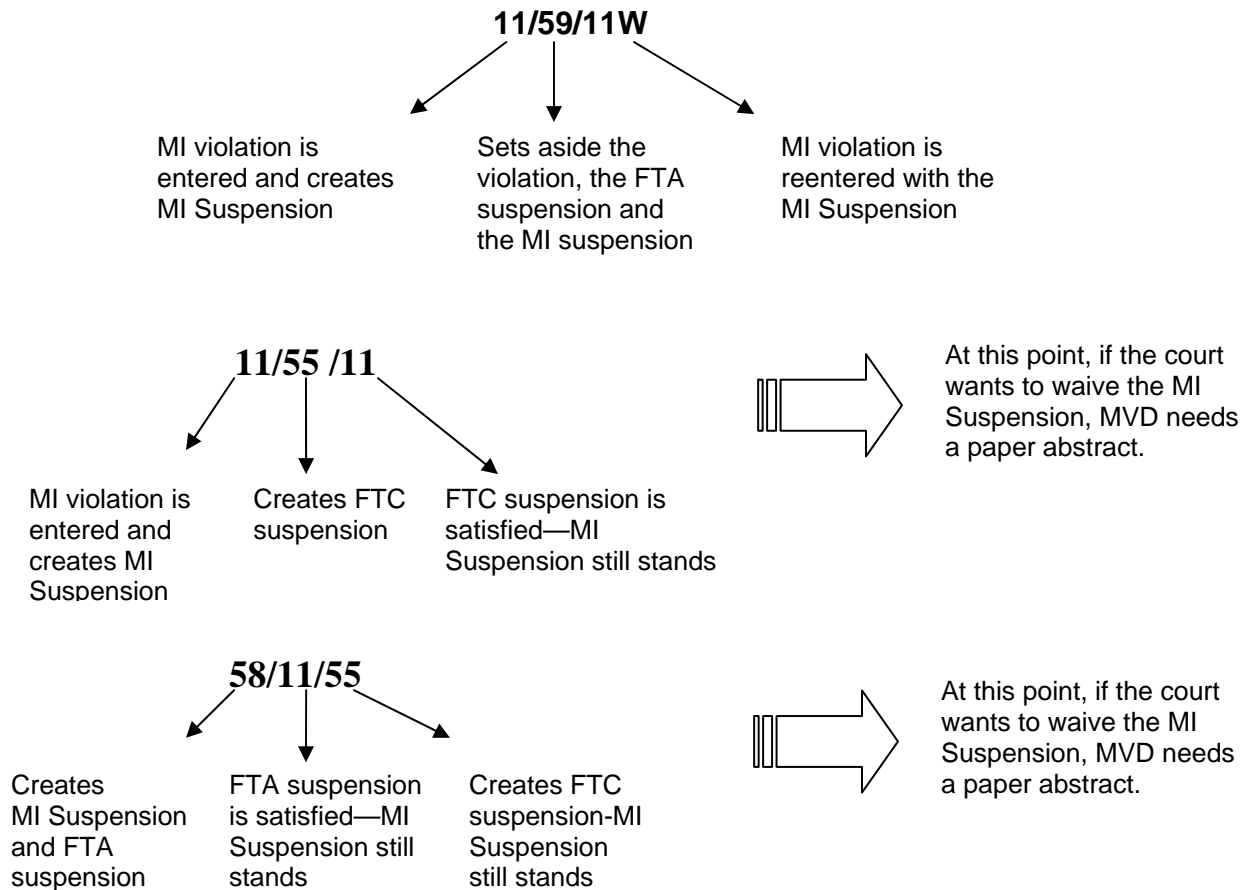

Examples of Disposition Trails For Reporting 28-4135 and How Records Are Affected

If the court only wants to waive the driver license suspension or only the vehicle registration suspension, then MVD needs a paper abstract as well.

W = MI Suspension waiver=AZTEC: event code 5463 that is typed in on the same day as the disposition code.

Examples of Disposition Trails For Reporting 28-4135 and How Records Are Affected

The examples on the previous page and this page are only provided to help increase the understanding of how disposition codes will affect a person's record at MVD when a 28-4135 violation is reported.

The examples are **not** intended to be a list of what MVD expects/requires courts to report.

If the court only wants to waive the driver license suspension or only the vehicle registration suspension, then MVD needs a paper abstract as well.

W = MI Suspension waiver=AZTEC: event code 5463 that is typed in on the same day as the disposition code

Manual Reporting of 28-4135 A, B or C

The following processes and steps are for the manual reporting for violations of ARS 28-4135 A, B or C and when the court is directing MVD to take the Driver License suspension, Vehicle registration and/or plate suspension. (See Process 1)

When a person fails to appear for a violation of 28-4135, and when the court reports the disposition 58 to MVD, MVD will take a 3-month suspension of the driver license and vehicle registration and/or plates. By doing this, the Driver License is suspended for the Failure to Appear and also because of the 28-4135 violation.

If the disposition is changed from the 58 to a 10, 11, 12, 20, 21 or 22 the Fail to Appear suspension is court satisfied and the person needs to still reinstate with MVD, however the Mandatory Insurance suspension will continue for the whole 3-months.

If the disposition is changed from the 58 and a disposition code of 00 is used for whatever reason, the 00 will void the Mandatory insurance suspension and the Fail to Appear suspension.

The use of disposition code 00 is fine when the final disposition is to dismiss the violation by using dispositions 30, 43, 44 or 55 and also when a case is on an appeal (disposition 71). (See process 2)

Judgments

Before a judgment can be submitted to the Motor Vehicle Division, Mandatory Insurance Unit, the following must occur:

- A certified copy of the judgment. (obtained from the court) and
- A law enforcement agency accident report OR an accident date.

Optional

- A certification from the rendering court that the judgment remains unsatisfied after the 60 days allowed from the date the judgment was rendered. (obtained from the court)
- Any other documents or information on the defendant to assist in locating the correct record.

60-Day Notice (28-4071)

Once the judgment has become final and rendered by the court, the plaintiff or the attorney for the plaintiff must wait 60 days for a Satisfaction of Judgment before submitting to the Motor Vehicle Division for processing. If Satisfaction of Judgment is not made within the 60 days, the plaintiff or the attorney for the plaintiff may then return to the court to obtain a certification that the judgment has not been satisfied.

The Judgment Certification Form needs to be filled out by court staff. After a search of the court records, court staff indicates on the form if a Satisfaction of Judgment has not been filed and at least 60 days have expired from the date the court rendered the original judgment. The clerk must check the box **Other** and make the comment **“60 days have expired and no Satisfaction of Judgment has been filed between the parties named above”** and certify the document.

Satisfaction of Judgment (28-4074)

If a Satisfaction of Judgment was filed, court staff will complete the Form and check the box **“Satisfaction of Judgment has been filed between the parties named above”** and certify the document.

Non-Renewal of Judgment

The original judgment is effective for 5 years and may be renewed. After 5 years, the defendant or the attorney for the defendant can go to the court, where the original judgment was filed, and request a search of the court records to determine if a Judgment Renewal was filed. If a Renewal was not filed, court staff will complete the form and check the box **“Renewal of Judgment has not been filed (5 year limit has expired)”** and certify the document. If a search is made with the case number in question and the search is unable to find any history or shows that records have been destroyed, court staff will complete the form and check the box **“Judgment is 5 years or older; documents have been destroyed”** and certify the document.
